“Reclaiming Indigenous Health: Cancer Prevention in American Indian/Alaskan Native Communities”

Melissa Buffalo

Interim CEO, Deputy Director,
American Indian Cancer Foundation

Wyatt Pickner

Research Manager,
American Indian Cancer Foundation

Monday, July 12, 2021

4:30 – 6 p.m.

Register here: <http://bit.ly/ReclaimingIndigenousHealth>

In partnership with the Karmanos D&I Committee and Office of Cancer Health Equity and Community Engagement, the American Indian Cancer Foundation will share information about cancer and Indigenous communities expanding cultural understanding for providers, staff and community members.

The session will cover:

1. Cancer incidence and mortality, cancer health disparities and community needs.
2. Cancer prevention and policy from an Indigenous lens.
3. Historical perspectives of medical mistrust within Indigenous communities.
4. Best practices for health systems working with Indigenous communities.

For more information, please contact Knoll Larkin at larkink@karmanos.org or 313-576-9691.
